KEYNOTE SPEAKER

Benjamin Webber, MD

Dr. Webber is an Assistant Professor of Medicine at the University of Minnesota. He attended medical school at the Loyola University Chicago Stritch School of Medicine before completing his Internal Medicine Residency at the University of Minnesota, where he also served as Chief Resident. In addition, he practices Hospital Medicine at the M Health Fairview University of Minnesota Medical Center East Bank.

Dr. Webber served as the Medical Director of Units 5B and 6B at the University of Minnesota Medical Center East Bank before being named the Senior Medical Director of Adult Medical/Surgical Units on the East Bank. He is interested in quality improvement, resident and faculty education, and sepsis care.

Dr. Webber also serves as the Associate Vice Chair of Clinical Affairs for the Department of Medicine, leading initiatives to improve clinical operations, quality, and safety of care across the breadth of clinical services and practice locations.

MMCGME

The Metro Minnesota Council on Graduate Medical Education (MMCGME) was formed to develop a community within graduate medical education in the Minneapolis and St. Paul metro area. MMCGME partners with sponsoring institutions and affiliated hospitals to facilitate outstanding educational and training experiences for future primary care and specialty physicians. The MMCGME Services team consists of five full-time employees and two part-time employees. The team's mission is strengthening collaboration within GME through centralized state-of-the-art information systems, critical administrative processes, core curricula, and universal policies promoting member organizations' teaching programs.
